
PERSONAL STATEMENT

Chemical engineering graduate with experience as a junior full stack software developer, excited to pursue a career in the tech industry. I am a hardworking and creative individual who is always eager to learn new things. My previous work experience includes internships in green-hydrogen energy and marketing, as well as roles in sales, private chef and as the owner and manager of my own online bakery. I am confident in my ability to excel in a technical role and am excited to bring my diverse skill set to a new challenge.

EDUCATION

KTH Royal Institute of Technology, Stockholm | Imperial College London

2018 – 2021

Bachelor's degree – Chemical engineering Grades: 4.47, Unweighted: 4.43 (2:1 equivalent)

- First 2 years completed at KTH Stockholm, final year as an exchange student at Imperial College London
- Undergraduate thesis: Crystallisation Behaviour and the Effects of Cooling Rate & Sample Volume of Sodium Dodecyl Sulfate in Aqueous Solution. Published: [link](#)

WORK EXPERIENCE

Junior Full Stack Software Developer

Academy Tech / LONDON, UK / 2022 - 2023

As a full stack software developer in the academy scholar program, I have gained skills in industry-relevant technologies and practices, including test-driven development and agile work styles. In addition to technical abilities, the program have also had a focus on developing leadership skills and emotional intelligence, learning to navigate team dynamics and build team cohesion with a diverse group of individuals. My responsibilities have included self-driven learning, leading technical discussions and reviews, and receiving and giving meaningful feedback to improve as a team member and leader.

Internship

PROTIUM / LONDON, UK / 2021 - 2022

During the final year of study, I did a 6-month internship with the green-hydrogen energy company Protium. My time there was spent jumping between different projects and completing various tasks such as technical support, grant applications, research and documentation.

Organiser exchange office

KTH ROYAL INSTITUTE of TECHNOLOGY / STOCKHOLM, SWEDEN / 2019 - 2020

Whilst studying I worked at the international exchange office at my university. I helped with organising events to better the relationships between incoming exchange- and Swedish students, improve the exchange website, proof reading and content creation.

Sales & Marketing consultant

Native Bond | B-O-L-D Ltd / LONDON, UNITED KINGDOM / 2017 – 2018

Working closely with the company's CEOs to ensure all services were to their satisfaction and company standard.

Tasks included but were not limited to; copy-writing sales e-mails, creating a relationship with clients, attending corporate meetings, creating social media profiles & managing them, making and researching ad campaigns over social media channels, creating newsletters and researching leads.

Owner & Manager

3xH / LONDON, UNITED KINGDOM / 2016 – 2017

Founding and acting as CEO, marketing manager, financial manager, baker and customer service for an online bakery.

Working towards the company making a profit, successfully collaborating with other online marketplaces and making sure we had a unique selling point with our allergy free products we, I was constantly renewing and developing.
